care of. I think the Legislature is entitled to know that kind of detail, and particularly, when we are talking about this kind of money. Now I think my amendment will make this an acceptable bill, Dworak, and if you accept that, I think we are in control. We appropriate the necessary money and we have it under full control. This would be an excellent birthday present for Senator Fitzgerald to put this bill in reasonable shape so that Committee, again, would be in a position to justify the errors of their ways instead of throwing away two and a half million dollars without any plans or knowledge. I ask the adoption of my amendment.

PRESIDENT: The question is the adoption of Senator Lewis' amendment to the bill. Record your vote. Please vote. Have you all voted? Record.

CLERK: 25 ayes, 10 nays.

PRESIDENT: The amendment is adopted. Yes.

CLERK: Mr. President, the Public Health Committee signed by Senator Kennedy introduces a new bill, 703A. Read title. See page 832, Journal. Mr. President, your committee on Banking, Commerce, and Insurance to whom was referred LB 809 instructs me to report the same to the Legislature the recommendation it be advanced to General File. Signed Senator Murphy, Chairman. Mr. President, I move to reconsider our action on LB 503. Signed Senator Frank Lewis. Mr. President, the next motion is by Senator Mills. Read amendment. See page 836, Journal.

PRESIDENT: Senator Mills.

They really don't care because we can't get any money back out there to help Lake McConaughy. So if you raise it a little bit, they will be very happy about that so I hope you will support that. It doesn't raise it too much but just a little bit to compensate for those people in Colorado who charge us when we do go there. It is about the same. So I would ask you to adopt that amendment.

PRESIDENT: The Chair recognizes Senator Mahoney.

SENATOR MAHONEY: Mr. President, speaking on the amendment and I am concerned about Senator Mills and his problem that he has on the out of state. I can see the McConaughy situation. I have been there myself. I know they definitely need this increase but I would like to ask the Legislature because we have had a very crippling amendment, which the bill has had. Practically, the bill is dead. I would like to ask that
